NUMBER 14

CAPACITY HOUSE GREET'S "PENROD" ON BOTH NIGHTS

Scenic Effects, Storm, and
Fine Acting Call Forth
Admiration

A full house welcomed the performance of the Junior Play, "Penrod," at the high school on both Thursday and Friday evening, November 9 and 10. The play was directed by Mrs. M. K. Phillips.

As the curtain rose, an involuntary murmur of admiration rose from the audience at the beauty of the scene—the quaint garden, with its hollyhocks and rose trellises, and the inviting house on the left, with its veranda and window, and the peaceful shadows softening the June afternoon. Sounds poetic? Well, it was poetic.

The title role was played with particular finish by Rodney Jacobs appearing completely at his ease Thursday night, and with equal skill by Howard Bonner the following night. James Fox played the part of Sam with the sturdy faithfulness attributed to that character. Robert Smith, as Mr. Schofield, was one of the most finished performers of Thursday evening, taking the part with a naturalness that was almost surprising. Ray King also made an exceptionally fine "heavy father."

Storm More Than Real—One of the high spots of the play was the magnificent thunder storm at the close of the second act. Thunder roared and lightning zigzagged, astoundingly realistic; trees swayed before the rushing wind; the elements were "loose." Credit for these special electrical effects is due Fred Hackett, high school instructor in manual training and radio.

Another feature of the play, was the buzzing of the hornets as they were prodded from their nest, and the angry swarming.

Daughters Christensen and Ruth Weiss, their portrayal of Mrs. Schofield, mother and daughter, both acted with a ducal, this maturity and natural dignity known to those found in high school students. All plorable, too, two heroines, Jane Warriner, States, who played the part of Marjorie, in an appealing and natural manner, and Ruth Chinn, a decided favorite of the audience, who lent vivacity to the address of West played opposite Stuart Olsen, the arrival of Fowle Simpson, respectively.

Several of whom played the part of Robert Williams, Margaret's youth, full sweetheart with the slight bewilderment and doggedness required of a rejected lover.

Now we come to the villain, the rascal Mr. Dade, played by Cropley Phillips with a suave facility attributed to philanthropic gentlemen. Lars Steffenburg and Everett Truxa, who played the part of Jarge in true good-for-nothing fashion, while Avie Richards and Isola Herman were very determined as Della, the cook.

Darkies Were Comical—Herman and Vermin (you couldn't tell them apart, except for one being tongue-tied) were played exceptionally well by Helen Strang, Virginia Tidmarsh, Sarah Perry and Ruth Johnson, who caused the audience considerable merriment.

The other parts were creditably played: Harold Edyards and Oliver Hunt as Tim; Owen Christensen as Mr. Jones; Grace Minto and Bertha Cremin as Mrs. Bassett; Irene Crawford and Dorothy McCorkle as Marjorie Bassett; Jean Culver as George Bassett; Howard Sherwood as the Rev. Lester Kinrossing; and Armand Daigaard and Stanley Lukas as Mr. Coombe, chief of police.

Mrs. Phillips performed her difficult task of coaching two casts of characters with her usual ability. Anyone attending the play could not fail to observe that the play itself was one difficult to interpret and direct so that a finished performance would result.

Mr. Kutt and his farm mechanics class were responsible for the scenic effects. Mr. Kutt and Mrs. Roger Dardenne are the junior class advisers.

Special music between the acts was furnished by the high school orchestra under the direction of Hans von Holwege.

ANTIOCH DEMOCRAT GETS STATE JOB—G. E. Phillips, publicity chairman of the Antioch Democratic Club, will Monday for Dixon, Ill., where he will receive employment in the Department of Public Welfare, according to a received this morning.

SALES-TAX TOTAL FOR 3 MONTHS IS \$8,234,150

State sales tax collections in August, September and October, Joseph J. Rice, state director of finance, announced today, totaled \$8,234,150. Collections have improved slightly with each month. The August total was \$2,211,133, September, \$2,978,377, and in October the sum turned into the state by the retailers was \$3,044,639.

Until Jan. 1, all turned into the state goes to the Illinois emergency relief commission. After that date the sales tax revenue is to go toward reduction of general property taxes.

PIONEER WOMAN PASSES AWAY AT AGE OF NINETY-SIX

Mrs. Sarah Sherwood, Lake
Villa, Well-Known in
Kenosha & Lake Co.

The news of the death of Sarah Maria Denick Sherwood, 96, Lake Villa, said to be one of the oldest residents of the county, was received with sorrow by her many friends throughout the northern part of the county. She passed away at her home in Lake Villa, November 12, at the age of 96 years and nine months, after an illness dating from April 7 of this year.

Funeral services were held at the Lake Villa church, of which she had long been a member, Tuesday afternoon, the Rev. C. J. Hewett officiating. Interment was in the family plot at the Lake Villa cemetery.

Mrs. Sherwood was born at Columbus, Ohio, January 27, 1837, the second child in a family of five girls and one boy born to Mr. and Mrs. Valentine Denick. When Sarah was quite small, the family moved to Cleveland, Ohio, and in 1848, her mother, brother, and sisters came to Kenosha, Wis., and settled on a farm at Pikeville, just east of Antioch. A short time later, Sarah joined them, and there grew to young womanhood.

Married 76 Years Ago—She was united in marriage to Henry S. Sherwood at Kenosha Jan. 1, 1857, and they settled on a farm known as Sherwood's corner, on the site of the present schoolhouse. Here with the exception of a few years when the family returned to Pikeville to live, she spent most of her married life.

She was the mother of eight children, five of whom have preceded her in death. Her husband, H. S. Sherwood, passed away August 3, 1914.

During her illness she has been cared for by her son, Frank, who lived with her. For many years she has been confined to her home, but she remained patient and kindly. She was known as Grandma Sherwood by the entire community.

Surviving her are three children, Little M. Hendricks of Ingleside; Raymond Sherwood of Lake Villa and Dunedin, Fla., and Frank Sherwood, Lake Villa. Clara Sherwood, Lake Villa postmaster, her grandson, another grandchild, and six great grandchildren also survive her.

HERMANS INVEST IN TWELVE LARGE BREEDING TURKEYS

A shipment of twelve Mammoth Bronze yearling gobblers, weighing from 35 to 40 pounds each is expected to arrive from Minnesota at the Henry Herman farm late this week.

These strutters are to head a breeding flock of 140 birds, with which Hermans intend to start turkey breeding on a large scale next spring. This flock will have a maximum production of nearly one hundred eggs per day. The eggs and young turkeys will be sold to commercial raisers in northern Illinois and southern Wisconsin.

According to Albert Herman, who is confident that the new venture will prove successful, the flock is the largest ever used for breeding purposes in Illinois.

CHARLES BLUNT IS HURT FROM FALL

Charles Blunt is recovering at his home this week from the effects of a fall on the stairs Monday morning. He had gone upstairs to get his overcoat, and upon starting to descend, tripped in some manner, and fell.

He was rushed to the Victory Memorial hospital in Waukegan for examination by Dr. W. W. Warriner. An X-ray showed a slight crack on the pelvis, but the hip was not broken, as feared. Mr. Blunt returned to his home Tuesday evening.

PUBLIC SERVICE RATE NOT HIGH, BRADLEY STATES

Vice President Denies Inference Made Before the Commerce Commission

Declaring that 800 communities of Illinois have higher residential electric rates than those charged by the Public Service Company of Northern Illinois, C. M. Bradley, vice president of the company today advised the Antioch News that inferences has been made in many newspapers to the effect that P. S. rates were the highest in Illinois.

Bradley pointed out that the inference has arisen through the testimony of a witness who appeared before the Illinois Commerce Commission on October 24.

Since the present agitation developed against privately owned companies, there have been only two municipally owned plants that have announced a reduction in rates, according to Bradley.

"Before the Illinois Commerce Commission on October 24, testimony was offered by a witness, employed by the Commission, which led to the inference on the part of many newspapers that Public Service Company of Northern Illinois residential electricity rates were the highest in the state. This unfair inference has caused much misunderstanding with regard to the company's rates," Bradley said.

"There are 1,567 communities in Illinois receiving electricity service. Of this number Public Service Company of Northern Illinois serves 321. Of the 1,246 communities served by other electricity supply companies, the fact is that residential rates in more than 800 communities are HIGHER than those charged by the Public Service Company of Northern Illinois, and in 120 others the charges are substantially the same.

"Of the 321 communities served by the Public Service Company of Northern Illinois, 214 have populations of less than 1,000 and 207 have populations of less than 5,000.

"The rates of Public Service Company of Northern Illinois, therefore, compare favorably with those of other companies in the state. In making comparisons of rates, however, there are local factors, such as labor cost, freight rate on coal and other industrial and living condition which must be given consideration.

"It is an interesting fact that in only two municipalities in Illinois where the electric plant is municipally owned has there been any reduction of electricity or water rates by city officials since the present agitation developed against the privately owned companies. It should not be forgotten that the Public Service Company of Northern Illinois made a reduction of 17.7% in residential electric rates in 1931 and a reduction of 3% in July 1933."

CHRISTMAS SEAL SALE TO START DECEMBER FIRST

The annual sale of Christmas seals will be launched in Lake County December 1, it was announced.

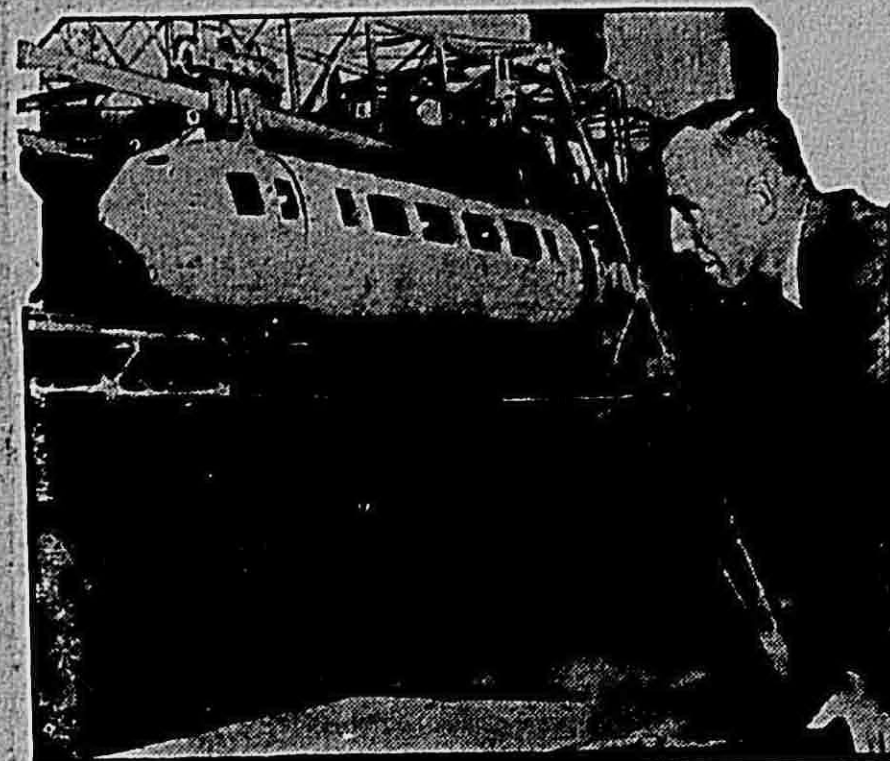

by the officers and publicity committee of the Lake County Tuberculosis Association following a luncheon meeting November 7, at the Geneva Club in Waukegan. Plans for the annual drive were made at the meeting. The returns of the sale are the only support of the county T. B. Association, and only seals bought in Lake county are used for this purpose.

Those attending the meeting were Mrs. A. H. Niblack, of Lake Forest, President of the Association, Dr. E. H. Smith, Libertyville, Vice-President and Chairman of the Publicity Committee; Dr. J. H. Blanks, Second Vice-President; Zion; Mr. W. E. Hall, Waukegan, Treasurer; Mrs. Jennie Fossand, Winthrop Harbor, Secretary; Mrs. Rodney B. Swift, Highland Park; Mrs. Barney Trisger, Antioch; Dr. D. N. Lewis, Lake Forest, and Miss Mary Kendall, Executive Secretary of the Association.

The monthly chest clinic held under the auspices of the Lake County Tuberculosis Association at St. Theresa's Hospital, Waukegan, will take place on Wednesday, November 22, from 10 A. M. until 5 P. M.

Charles Selby, Bristol, visited his father, George Selby, at the William Keulman home Sunday.

Transportation of the Future?

Many far-seeing engineers envision the railplane as the chief mode of transportation in urban centers of the future. Here is a working model of the latest type of railplane to be perfected in England. Note that the upper wheels of the "plane" are vertical with the ground, while those below are horizontal with the ground. A propeller fore and aft will supply added momentum.

FIRE TRUCKS ARE BUSY OVER WEEK-END

Many Grass Fires Blaze up
in High Wind Sunday
Evening

Add to a dust storm and a high wind numerous grass fires and you have a strange spectacle not often seen.

The dust storm experienced in this region Sunday evening was but the tail-end of the clouds of dust which swept over the West, particularly in South Dakota and neighboring states. The sky at night was ablaze with several grass fires, a few of which reached large proportions.

The first call answered by the Antioch department was at Camp Hill, Loon Lake, where some stumps were discovered burning about 6:30.

While Truck No. 1 responded to this call the second truck was called to Long Lake to help extinguish a grass fire. Upon finding the fire, the truck was called to the Long Lake department there, however, Antioch went to Fox Lake to "stand by" in case of calls, as the Fox Lake department was fighting a grass fire in the Jackson subdivision near Grass Lake.

The Lake Villa department was called to Hastings Lake to fight a large brush and swamp fire threatening cottages near the Y. M. C. A. camp.

A roof on the John Blackman house on the Carey Estate south of Hatch's corner, near Spring Grove, was extinguished by Mr. and Mrs. Blackman and neighbors before the arrival of the Richmond fire department. The damage was estimated to be between twenty-five and one hundred dollars.

The Silver Lake department was also out fighting a large sixty-acre slash fire south of Wilmet.

It is believed that most of the fires started from bonfires left by hunters or those burning brush, and that the high wind fanned them into high blazes.

Rotnour Players Coming to Antioch

Spoken Drama to Be Heard
at Crystal Thursday
Night

J. B. Rotnour and his troupe of popular players will make their initial appearance here next Thursday night, Nov. 23, when they appear at the Crystal Theatre in the spoken drama "She Couldn't Marry Three."

"J. B." and company need no introduction to theatre-goers in this locality, as they have appeared here for four successful seasons. In the opening production there will be 11 people on the stage with high-class vaudeville between the acts.

The company returned recently from Northern Wisconsin where they had a very successful tour, and Manager Rotnour is bringing the same players to Antioch that he has had all summer.

Admission prices have been put down to rock-bottom. "J. B." says, "Laddie Masek brought his sister, Mae, home from the Lutheran Memorial hospital in Chicago, where she was operated on for gonorrhea. She is improving rapidly at her home in Marshall, Ill., Sunday."

THREE KILLED IN WEEK-END ACCIDENTS IN LAKE COUNTY

Fox Lake Girl, Grayslake
Youth and Libertyville
Lad Meet Death

Miss Mildred Dwyer, 18, of Fox Lake, was instantly killed, and three companions injured at 12:50 Sunday morning when the auto in which they were riding crashed into a freight train at the Fox Lake crossing of the Chicago, Milwaukee, St. Paul & Pacific railway on Grand avenue.

The four were on their way home from a dance, when the crash occurred. Although occupants of the car said that they did not notice the wig-wag at the crossing, Conductor William Wenen said that the wig-wag was working, and that the engineer had sounded the whistle.

With Miss Dwyer were Charles Knolles, driver of the car, who suffered a fractured pelvis; W. R. Bixley, who suffered fractured ribs, and Miss Margaret Dwyer, sister of the girl killed, who received a broken leg. The injured were taken to the Condell Memorial hospital at Libertyville.

An inquest has been continued, because of the serious condition of Knolles.

Stanley Slazes Killed—Stanley Slazes, 26, of Grayslake, was killed when his motorcycle collided with a car driven by Bosko Willard, Grayslake, at 6 o'clock Sunday evening in Grayslake. Slazes was taken to St. Theresa's hospital, where he died shortly afterwards. Slazes is survived by a brother, Frank.

Boy Hunter Dies—James Wilson, 15, a Libertyville high school student, died instantly Saturday when his gun discharged as he drew it after him through a fence. He was accompanied by his stepfather, Clarence B. Herschberger, Jr., Libertyville, who told Dr. Taylor that he had warned the boy to handle the weapon more carefully.

Dr. L. J. Zimmerman Heads New County Vets Organization

New Commission Provides
Necessary Relief for
County Vets

Dr. L. John Zimmerman, Antioch, was elected president of the new organization recently formed in the county, composed of veterans of all wars. By a recent act of the state legislature, a law was passed creating a commission of veterans in every county for the purpose of handling county relief work for veterans.

The past commanders of each post in Lake County met in Waukegan in October and elected the following officers: Dr. L. John Zimmerman, a member of the American Legion, president; Dr. J. L. Miller, Waukegan, a Legionnaire and Spanish War vet, vice president; Charles Priser, Lake Bluff, a Legionnaire, secretary; Bill Woodard, North Chicago, a Legionnaire, superintendent; and H. E. Hermon, Waukegan, a Veteran of Foreign Wars, assistant superintendent.

The law was passed with the intention of creating closer cooperation with the supervisors, and to furnish the veterans with relief when necessary, as well as to aid in placing unemployed veterans in positions where they can be removed from the relief rolls.

According to Dr. Zimmerman, it will be essential that each veteran in the Antioch township, whether or not a member of any service organization, be present at a meeting to be held at the village hall at Antioch, Tuesday morning, Nov. 28, at 11:30. At this time Supt. Bill Woodard, Supervisor William A. Rosling, and the Bogardus officer and service officer of the Antioch post, will consider application for relief and employment.

Moose Lodge to Initiate Large Class

A large class of from twenty to thirty members will be initiated into the Moose lodge at the hall next Monday evening. The Lake Forest degree team will be present to confer the work.

Moose lodges from Racine, Kenosha, Crystal Lake, Lake Geneva, Burlington, Highland Park, Waukegan, and North Chicago have been invited to be present, and the Antioch chapter is expected to turn out in force.

SELL YOUR OLD GOLD IN ANTIOCH, NOV. 20

Licensed Company Sends
Buyer Here for One
Day Only

Possessors of articles of gold and silver that they no longer care to retain will find it possible to sell them for cash to the American Scale Works of Waukegan at the Waldo Hotel in Antioch Monday afternoon and evening, November 20.

A representative of the company was in Antioch today and made arrangements for coming here next Monday. The company is licensed by the government to buy discarded gold and silver articles, also diamonds.

Articles that the company will buy are listed in an advertisement on page two of the News. A few of the many are rings, spoons, diamonds and cuff links.

The representative of the company is making his third visit to Harvard this week as it was impossible to take care of the business brought in during the first two visits. In Harvard, the representative said, one woman who had expected to receive two or three dollars for an old gold watch that had been laid away for years, expressed surprise when she was paid \$10.

The Harvard Herald, of which Mike Walsh, former director of the state department of Education and Registration, is the editor, vouches for the reliability of the American Scale Works. The buyer will be in Antioch from 12 noon until 9 p. m. next Monday.

P. J. HURTGEN DIES SUDDENLY

Stroke Is Fatal; Was the
Director of Public
Works, Kenosha

Peter J. Hurtgen, Kenosha, husband of Mrs. Maude Brogan Hurtgen, formerly of Antioch, died suddenly from a stroke caused by heart attack about nine o'clock yesterday morning as he was driving to his office.

Mr. Hurtgen was the director of Public Works of the city of Kenosha, and was well-known throughout central and southern Wisconsin. His early life was spent in central Wisconsin, but he has spent most of his later life around Burlington and Kenosha. He was known to Antioch residents, as he used to work here often, while a surveyor at Burlington.

He was about fifty-seven years old. He leaves his widow, Mrs. Maude Hurtgen, sister of Mabel and Claude Brogan, Antioch; two daughters, Mrs. Catherine Goodheart, Kenosha, and Lucille, New Jersey; three sons, Cecil, a Milwaukee engineer, Peter, a student at Marquette University, Milwaukee, and Robert.

Funeral services will be held at nine o'clock Saturday morning at St. Thomas' Church, Kenosha. The place of burial has not yet been decided.

Walter Booth, who has been visiting with E. Morley Webb for the past two weeks, returned to his home in Marshall, Ill., Sunday.

EVERYONE MUST HELP

Not another winter like the last! That was the pledge of the new Administration when it came into office. Every effort is being given to achieve it. It represents the most earnest hope of every citizen.

But government alone can't do it all. We can spend money for relief—and we are, but there is never enough. We can build public works—but there comes an end to that, and the public treasury is not bottomless. A large share of any kind of relief effort must be borne by the individual citizen.

And this doesn't mean charity, vital as that is. The best kind of relief is that which spends money and provides jobs on projects which are permanently valuable, and gives those who pay the bill something really needed. That is true whether the work is done by the Federal government or the state, or John Jones down the street.

A dollar spent for a new house, or to repair an old one, does double duty. An extremely large share of it goes directly to labor in your own town. The rest of it goes to various industries, through numerous pockets. It touches many states and communities. It is always growing—and by the time it has run its course it has done the work of fifty or a hundred dollars.

Remember that—and remember too that you have a selfish interest in building and repairing while prices are still in the economic basement.

HANDLING NRA VIOLATORS

The NRA has its pioneer work behind it. Now it is gradually developing into a more rational, better organized governmental bureau. Last change gave the blue eagle five definite branches. They cover, Extractive Industries, Construction and Machinery, Chemicals, Leather and other Manufactures, Trades, Ser-

VICES, Textiles and Clothing. Each branch has an administrator all its own, making a sort of five-man cabinet to Big-Shot Administrator Hugh Johnson. Persons who wish to report a code violation to the NRA have only to go to the post office, procure a blank, fill it out and file it with the local NRA compliance officer. He makes an effort to fix matters up, and if he fails he passes it on to his immediate superior, the Divisional Administrator. He takes a crack at it, and in event of failure, sends it up to the National Compliance Board. If it flops, General Johnson gets it next. If necessary, he can turn the charge over to the Federal Trade Commission or the Attorney-General.

General Johnson always has a lot of fights on his hands. Most recent was with the Federal Reserve Board's Bulletin. It said that late industrial declines have occurred most severely in industries which have been affected by codes. The General shook his head, growled menacingly, barked out that the situation was precisely the reverse of that, and that code industries have been going forward. So the reader can take his choice. A more important fight of the battling General, is his long-standing feud with Ford. The other day he traded in his government Lincoln for a Cadillac, announced that Ford would get no government contracts. Showdown will come soon, when automobile makers are required to send in their employment statistics. If Ford refuses, as everyone believes he will, next round will probably take place in the courts.

GOLD AND EMPLOYMENT

Mr. Roosevelt's latest announcement on gold, in which he pledged the government to offer a market at the world price for as much of the yellow metal as is offered to it, will have a salutary effect on this country.

The purpose of the plan as affecting currency and credit expansion is of only academic interest to most of us.

Its effect will doubtless be an important expansion of mining activities, both here and abroad. Gold is like everything else—the wider and more profitable the market, the more effort will be given to finding and developing the product.

Thousands of men will find new work in the mining industry. Thousands of families will receive their livelihood because of it. And millions of dollars will be put in circulation, to surge through the veins of industry and speed the work of recovery.

HICKORY COUPLE PARENTS OF SON

Mr. and Mrs. Ed Stream Entertain Many at Dinner Party

McAllister Irving called on his wife and new baby son, Glen McAllister, in Victory Memorial hospital, Waukegan, Sunday afternoon.

Mr. and Mrs. Ed Stream entertained the following relatives and friends from Chicago at a dinner party Sunday: Mr. and Mrs. Julius Ganter, Mr. and Mrs. Stanley Michaels, Mr. and Mrs. Joseph Vahoski, and daughters, Dorothy and Cecelia, and sons, Frank and Joseph, Jr., Mrs. Eva Bednerik and Walter, and Irene Bednerik, the Misses Habel and Renetta Logan, William Yoner, and Walter Wender.

Mr. and Mrs. Walter Cobelli from Hinsdale and their nephew, Frank Robertshaw, visited from Friday morning until Sunday evening at the Curtis Wells home.

Mr. and Mrs. Chris Peterson and family from Chicago visited Sunday evening at the Nels Nielson home.

Mr. and Mrs. Hugo Gussasson entertained the following relatives from Chicago over the week-end: Mr. and Mrs. Walter Olsen, Nels Gussasson and Mr. and Mrs. Allen Holberg and daughter, Dorothy.

Mr. and Mrs. Tom Durkin (nee Grace Minnis) from Chicago called on Mrs. O. L. Hollenbeck Thursday morning.

Sunday callers at the David Pullen home were Mr. and Mrs. Almond Pullen and Joan from Waukegan, Mr. and Mrs. Frank Barber and Richard from Telegraph Road and David Neveler from Union Grove.

Mr. and Mrs. Ralph Fields attended the funeral of Mrs. Will Barthel at Salem, Sunday afternoon.

Sunday afternoon callers at the John Schair home were Mr. and Mrs. Ed Babry and family from Lake Forest and Mr. and Mrs. Ferdinand Stiner and son, Arthur and friend from Zion.

Ardis Toft of Fox Lake Road spent Thursday with her cousin, Ruth Paulsen.

Frank Sherwood of Lake Villa called at the George Tillotson home Sunday afternoon.

Mrs. Emmet King and daughter, Mariellen were Waukegan shoppers Monday. Mrs. King called on Mrs. Max Irving in Victory Memorial hospital.

Mr. and Mrs. Frank Cremins from

SALEM P. T. A. SPONSOR FOUR-ACT PLAY AND DANCE

A four-act play, "An Arizona Cowboy," a story of life on the Double Z ranch in the great Southwest, sponsored by the Salem Center P. T. A., will be presented at the Salem Hall Friday evening, November 24. Musical numbers and entertaining skills will be presented between the acts, and a dance for young and old will follow the performance. Good music has been assured.

In the play, Marguerite Moor, the pretty ranch owner, secures assist-

ance of Farley Gant, the cowboy sheriff, who rounds up a band of cattle rustlers, and portrays plenty of action. Grizzly Grimm, leader of the rustlers, is quick on the draw, but outwitted by Big Elk, a Navajo, chief, and his daughter, Faun Afraid. Mr. and Mrs. Bug, tenants, fill the comedy roles, and Yow-Kee, the Chinese cook, makes chop-uey out of what have you. The Blackshears are exposed by the walt Young 'un. You'll see how life is lived at Purple Dog, Arizona.

FATHER OF MRS. KLASS DIES IN TEXAS

Mrs. Otto Klass and Raymond Schumacher received word of the death of their father, Henry Schumacher, San Antonio, Texas, early Sunday morning. They left Sunday to arrive for the funeral services held Wednesday. Their mother, who was known to several here, passed away two years ago in June.

CHASE WEBB

LAKE VILLA FIRE DEPT. RESPONDS TO TWO CALLS

Work of Repairing the Soo Line Viaduct Is Pushed Rapidly

The fire department responded to two calls for help last week—the first one came Friday evening when a defective chimney started a fire in a cottage in Petite Lake Park, but was subdued before much serious damage was done. The second was a grass fire on the Y. M. C. A. property on the south side of Hastings Lake Sunday night when their buildings were in danger. High winds made the fire more dangerous, but plenty of help was on hand to control it.

Work on the repairing of the viaduct over the Soo Line track is going on as rapidly as possible, and State road men from Elgin are working on the job with local men.

The Fox Lake Cemetery Association will meet Thursday evening, Nov. 23, at the Monaville school house. Election of officers will take place.

Rev. and Mrs. C. J. Hewett drove

to Rockford last Friday and Mrs. Hewett's sister, Miss Maude Benham, who lives at Rockford, returned with them to spend the winter months.

Clayton Hamlin was a patient at the Condell Memorial hospital at Libertyville for a few days last week, but is much improved and able to return to his home here.

Mrs. H. H. Perry entertained her Bridge club at her home last Friday afternoon and Mrs. Frank Wood, Mrs. Fred Hamlin and Mrs. Paul Avery were prize winners.

Victor Hook and William Nelson visited a "Century of Progress" in Chicago last Wednesday.

Mr. and Mrs. B. J. Hooper were in Chicago on business last week Tuesday.

Mrs. Swanson visited friends in Waukegan last Friday and was one of those privileged to hear E. Stanley Jones, a great missionary, at the High School auditorium. Rev. and Mrs. Hewett were also among those present in the evening.

Mrs. Alice Howard of Chicago came Monday to spend a few days with friends here.

The Public Service Co. has leased the Cannon garage and flat and will remodel it for use as office and store-room, and work of alteration has already begun. We are glad to welcome any improvement in our village.

Sunday, Nov. 26, is "Top Notch" Sunday in the Sunday School. Attendance has been good, but on this

day a special effort is being made by teachers and pupils to make it the best day of the year up to date, so you are cordially invited to join in the service.

Pupils enjoyed a vacation Monday while the teachers attended a State Teachers' meeting at Evanston.

Rev. and Mrs. Hewett spent Wednesday with friends in Evanston, and on Monday made a business trip to Elgin.

Among the dumb,
is Christopher Pratt.
He plans all the food
for the dog and the cat.

And chooses his own
for no reason but that
they happen to be
around in the flat.

WILMOT WOMAN CELEBRATES HER 82ND BIRTHDAY

Miss Elizabeth Stahl and
Cornelius Tanis, Twin
Lakes, Wed

Mrs. Hannah Boulden was eighty-two years old on Friday, Nov. 10, Sunday, members of her family gathered at the home in honor of the event. Present were: Mr. and Mrs. Oliver Mathews, Antioch; Mr. and Mrs. Edward Boulden, Lorraine Boulden; Mrs. S. Christensen, Edison Park; Mrs. Fred Boulden, Mr. and Mrs. Harold Boulden and sons, Robert and Frederick, of Burlington; Mr. and Mrs. Earl Boulden, Mrs. Louis Larsen and children from Appleton.

Wedding

At a low mass at the Holy Name Church Wednesday morning at nine o'clock Elizabeth Margaret Stahl, of Twin Lakes, daughter of Mr. and Mrs. Matthew Stahl of Kenosha, and Cornelius Tanis, of Twin Lakes, were united in marriage by the pastor, Rev. John Finan.

The bride was given in marriage by her father, Matthew Stahl, and was attended by Mrs. William Stahl of Waukegan, and Mrs. Archie Moran of Chicago. The groom's attendants were William Stahl, Waukegan, and Archie Moran, Chicago.

The bride was dressed in blue panne velvet with matching accessories and carried flowers.

During the ceremony Fred Beckman, Kenosha, sang, "I Love You Truly," "O Promise Me," and "Ave Maria." He was accompanied by Mrs. Anton Scholz, organist, who played the processional and recessional.

The church was decorated with baskets of chrysanthemums.

A wedding breakfast was held at the home of the bride's parents, Mr. and Mrs. M. Stahl at 6010 25th Ave., Kenosha, for the immediate wedding party and relatives on both sides following the ceremony.

Mr. and Mrs. Clifford Pacey returned Sunday from an automobile trip to Iowa and Nebraska. In Iowa they were guests of Harvey and Oscar Books at Murray and at Papillon, Nebraska, of Edward Pacey.

A chimney and roof fire at the Walter Carey Estate farm at ten o'clock Sunday evening assumed threatening proportions but was extinguished by the family, Mr. and Mrs. J. Blackman, and neighbors, before the arrival of the Richmond fire department which was called. The fire started on the roof near the chimney in the kitchen wing of the house and was discovered by Mrs. John Blackman who smelled smoke and on opening a door leading to the attic stairs found the roof ablaze. Mr. and Mrs. A. Miller and son, Orville, of Kenosha were visiting at Blackman's and aided members of the family in fighting the fire. Help from neighboring farms arrived and the house and other buildings were saved. The very high wind of Sunday night made the fire exceedingly dangerous and hard to control. Damage to the extent of a couple of hundred dollars was done to the house.

Monday morning the Silver Lake fire department, was called to the home of Edward Balke, manager of the Fox River County Park. A fire had been discovered between the walls by Mrs. Balke. The blaze was extinguished by members of the family before the fire department arrived.

School Inspection and Dedication. Open house was held at Wilmot's new school building all Friday afternoon and it was estimated that six hundred people took advantage of the opportunity to see for themselves the new fire proof structure, on its completion.

The rooms were beautifully decorated with baskets of chrysanthemums sent by Miss Rhoda Jedele and Norman Jedele, John Sutcliffe, The Wisconsin Gas and Electric Co., and the Carey Electric and Plumbing Co. The teachers of both high school and grade departments were in their respective rooms to greet the visitors.

GET 200 MILES MORE THIS WINTER

At No Extra Cost

IMPROVED SUPER SHELL

First Gasoline to give Full Summer Mileage
plus Quicker Winter Starting

Now, Super Shell gives you all the extra mileage you obtained last summer, plus quicker starting for winter driving.

Ordinary gasolines are added, for quick start light, which you lose at up, the mileage, olines are

fuel in starting, and also reduce your mileage. The Improved Super Shell, by Shell's new and exclusive reforming process, gives you quicker starting on the coldest day in winter, and saves, for extra mileage, the gasoline you formerly wasted in starting.

The average motorist will get one more mile per gallon this winter—over 200 extra miles.

YOU SAVE MONEY by using the Improved Super Shell, because you get quicker starting with less gasoline, and that leaves you more gasoline, in every gallon, for extra mileage. Super Shell stops winter waste. Use Super Shell this winter and save your money.

In JUNE, Extra Mileage... In NOVEMBER, getting Extra Mileage, too... What Mr. Conde, St. Louis, says above is typical of remarks we hear from Super Shell customers everywhere. All last summer, car owners told us "Super Shell has everything, but most of all it's got mileage!" Now, in November, Super Shell users say they are still getting the same extra mileage—plus quicker starting!

CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals" was the subject of the Lesson-Sermon in all churches of Christ, Scientist, on Sunday, November 12.

The Golden Text was, "The earnest expectation of the creature waiteth for the manifestation of the sons of God" (Romans 8:19).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Thus saith the Lord, the Holy One of Israel, and his Maker, Ask me of things to come concerning my sons, and concerning the work of my hands command ye me. I have made the earth, and created man upon it: I, even my hands, have stretched out the heavens, and all their host have I commanded. I have raised him up in righteousness, and I will direct all his ways" (Isaiah 45:11-13).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Immortal man was and is God's image or idea, even the infinite expression of Infinite Mind, and Immortal man is co-existent and co-eternal with that Mind. . . . God, the divine Principle of man, and man in God's likeness are inseparable, harmonious, and eternal" (p. 334).

Work Sought By Chicago's Most Decorated Hero

Berger Loman, Known in Lake Region, Out of Employment

The most decorated Chicagoan of the World War, Berger Loman of Chicago and Grass Lake, appeared at the office of Leo Gillman, custodian of the Federal Building, Chicago, Friday, the day before Armistice Day, and requested work—work of any kind.

Loman said: I was evicted from my apartment with my wife, daughter, and four-year-old granddaughter a week ago. We have two rooms now at 2449 N. Albany avenue. My granddaughter sleeps on two chairs drawn together. By bed is an old davenport.

He said that he wanted work to get ahead, to provide adequately for his family, and to save for a serious operation.

Loman spent twenty-two months in France, and wore the Congressional Medal of Honor, the Victoria Cross, the medal of the Legion of Honor, the Croix de Guerre with two palms, and decorations from the Italian, Montenegrin and other governments.

Loman is known around Grass Lake, where he and a friend, Curry, Chicago, have often stayed at a cottage.

Mrs. Paul Ferris

Is Hurt by a Cow

Mrs. Paul Ferris, victim of an angry cow's displeasure, is recovering at her home near Lake Marie this week from spinal injuries received November 7, when she attempted to drive a neighbor's herd of cows from the yard.

Upon returning from town that Tuesday, she saw a number of cows belonging to Emil Jenerich in her yard, and determined to drive them out. One beast, however, less tractable than her companions, lunged toward Mrs. Ferris, knocking her down, and pushing her across the road.

Mrs. Ferris lost consciousness, but

recovered herself before anyone discovered her plight, and dragged her

self to the house. She was able to sit up for the first time Sunday.

OYSTER DISHES SATISFY AFTER A CHILLY DAY

This Delicious Sea-Food Is Rich in Iron, Copper and Manganese

Do you like oysters? If you don't, they are easy to ignore; but if you do, an oyster sign in every meat shop is sure to catch your eye, and it's as tantalizing as a watermelon patch to a dandy boy.

To start out easy, so to speak, because some people like the milk oysters have been stewed in, but can't abide oysters themselves, we'll give first a recipe for oyster stew.

Stew Supreme

Cook oysters slowly in their own liquor over a slow fire, and scald the milk in a separate saucepan. Do not cook oysters too long, for they contain protein, you know, and are liable to become tough, but as soon as it begins to curl, no matter whether milk and oysters, and season with salt, pepper, and a little Worcestershire sauce. Serve hot.

Oysters are rich in iron, for which liver is famed, and claim copper, manganese and other minerals.

Roasted Oysters

Oysters for roasting should be bought with their shells uncracked. Scrub well with a brush, cook in a hot oven in a pan until the shells part, then open and season with salt and pepper to serve.

Baked Oysters

These should be large fellows, taken from the shell, cleaned and dried. Dip them in melted butter, then in seasoned cracker crumbs and finally broil in a buttered broiler. Serve with tartar sauce or butter.

3 dozen large oysters

18 strips bacon
Lemon
Minced parsley.

Open the oysters and place on the half shell in a wide baking pan. Over each oyster lay a half strip (cut across) of bacon. Bake for 12 minutes in a moderate oven (350 degrees F.). Serve hot with lemon and a dash of minced parsley.

To make a limited amount of oysters go further, prepare a creamed dish.

Oyster Croustades

Trim the crusts from a loaf of sandwich bread and then cut it into thin slices. Dig the crumbs out of the center of each square piece, paring an all too fine even walls with a sharp paring knife, leaving walls and bottom known as "chiselers," gives you a square box made large measure responsible for the plorable state of affairs. States today, according to J. Sexton, commander with creamed oysters, sprinkle District of the America with minced parsley and serve.

Fashion Previews

The interest in sleek, slender satin footwear has been revived by this fall's deluge of satin. There are stunning street oxfords of dull satin, and satin opera pumps for any occasion. Filmy hose of an off black shade are particularly stressed for black satin costumes.

Molred taffeta made with tailored precision are among the newest dinner dresses. They may be found in creamy white, pastel blue, and flesh.

The waist and skirt frock will be one of the leading items of dressy clothes for winter. It has a wide appeal because of its versatility and suggestion of other days. The evening frock is of stiff silk, with a pull-over blouse of contrasting color, made sometimes in the form of satin or brocade waistcoat, blouses buttoning up the front, or in velvet or a two way stretch fabric.

Gold and silver bracelets to match metal trimmed frocks may be worn for both day and evening occasions.

Grandma's Rocker

"Gladys! Gladys!" Is there any mall for me this mornin'? Nothin' from John or Blanche? I thought mebbe seel' as how well, never mind, let's see what they is. Nothin' but an old circular, eh? What's it about? How many vitamins there be in Frisky Dog Biscuit, I bet.

'Nope; this one here has some high faintin' hints for the modern housewife. It says: Cheese which is too soft to grate may be divided finely with a potato ricer. That ought to work all right. If you had a potato ricer, I guess.

Let's see now. Listen to this one, Gladys. It says: For something different in appetizers you may purchase large, ripe olives stuffed with anchovies. What in the world are anchovies, Gladys? What? A kind of fish? Fish 'n' olives—mmm—might not be so bad, but sounds kind of fishy.

Here's something else they want to stuff. Stuffed oranges packed in grenadine syrup are delectable meat garnishes. Humpf! Plain parsley used to be good enough in my day.

'Ho, hum. Nothin' else startlin' here. Here, Pussy, what are you lookin' at out the window? Oh, will you look at that little Perkins boy playin' outside, lookin' about froze-up. His mother order know that light fluffy woolies are warmer than that heavy stuff wofe tight like what he's wearin'. Bet the little feller is cold at night, if she thinks that heavy material is warmer than light woolly blankets.

There's old man Perkins out takin' off the screens. What's he doin' with them on the porch? Can't quite see—what in the world did I do with my glasses—had them just a minute ago! Gladys! What—oh, never mind, I found them. Why, he's paintin' in them screens—no, he couldn't be doin' that. I bet it's screen paint or oil he's brushin' on 'em—that'll keep 'em from rustin'. Well, he's got more sense than his wife has—I always did say that.

Dear, dear, it's gloomy lookin' outside with the trees so bare. Mebbe when Thanksgiving comes, we'll kind of forget about that, won't we, Furr-boy?

(Grandma "will be seel' you" soon.)

Humidity In Homes Necessary To Health

Have you ever wondered why you catch cold early in the fall, as soon as the house is "shut up"? Or why your throat so often feels dry and parched?

One reason, of course, is the lack of fresh air. The other is lack of humidity in the air. Heat must have moisture! If it is not furnished by the heating system it is up to you to provide by some artificial means in stalled about the house, such as a pan or pail of water hung just beneath the furnace register, or in some inconspicuous place in the room.

When there is an insufficient supply of moisture, the heat will draw it from the glued joints of furniture, from wall-paper, plaster, plants, or the human body.

Disregarding the detriment to your furniture, think of the injury to your health. When the fine hairs in the nostrils are dried out, your resistance to colds is lowered. Water is necessary for each cell in the body to function properly, and when deprived cannot do so.

Some women complain that they never are able to keep plants alive in winter. This is partly due, and in some cases, entirely due to a lack of humidity in the air.

My Favorite Recipes

by
Frances
Lee
Barton

WONDERS, it seems, will never cease. We've had the self-starting car, the self-winding clock, the self-regulating oven, and now—wonder of wonders to the housewife—we have the self-layering dessert. These desserts, made with fruit-flavored gelatin, will literally arrange themselves. The secret is that some fruits are heavier than fruit-flavored gelatin and some are lighter. When these fruits are put together into a bowl, and warm fruit-flavored gelatin is poured over them, the lighter fruits float and the heavier fruits sink. There's no waiting for layers to set.

Not to mention the great convenience there is in making these gelatin desserts with water slightly hotter than lukewarm instead of by the old fashioned boiling water method. This gives a tenderer, smoother gelatin. You cannot cook the gelatin, a richer, truer fruit flavor, because most of the flavor is carried off in steam; faster setting—you can put it into your refrigerator without an hour's waiting.

My Favorite Fruit Layers
1 package orange-flavored gelatin; 1 cup warm water; 1 cup canned pineapple juice and water; 1 slice canned pineapple, cut in pieces; 1 cup fresh strawberries, halved.

1 package orange-flavored gelatin in warm water; 1 cup canned pineapple juice and water; 1 slice canned pineapple, cut in pieces; 1 cup fresh strawberries, halved.

1 package orange-flavored gelatin in warm water; 1 cup canned pineapple juice and water; 1 slice canned pineapple, cut in pieces; 1 cup fresh strawberries, halved.

HOCKEY CLUB WILL SPONSOR BENEFIT DANCE

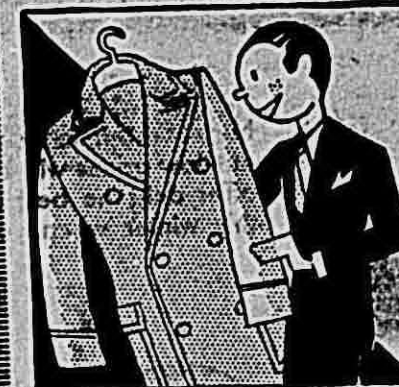

Funds Will Be Used to Prepare Rink for Winter Schedule

The Antioch Hockey Club will sponsor a benefit dance to be given at Bruno Rojewski's Pasadena Gardens Saturday night, November 25, officials of the local club announced this week. Proceeds from the dance will be used to build the rink, which will be located near the Soo railroad on Depot street in Antioch, and to install lights before the start of the playing season in December. Members of the club will be selling tickets for the dance within the next few days.

The Antioch team during the greater part of last season played on the rink at Fox Lake. Later a rink was made at Smith's Slide, Inn at Channel Lake. Much interest was created in the sport which was new to this locality, and now that the local team will have a home rink, it is expected that larger crowds will attend and that many who hitherto have been unacquainted

Miss Roberts Speaks Before P.-T. A. On "Books For Adults"

In speaking before the Antioch P.-T. A. at the grade school Monday evening, Miss Cornelia Roberts briefly reviewed a number of books for adults, and classified a number of books into different groups which she recommended for reading.

Music was furnished by several of the grade school children, as follows: A piano solo by Marjorie Bright; a saxophone solo by Mary Osmond, accompanied by Jeanette Whited; a piano solo by Jeanette Whited; an accordion solo by Shirley Hennings; two songs by the Girls' Glee Club.

Prin. Ralph E. Cabaugh gave a brief discussion of the Conference of the North Shore division of the Illinois State Teachers Association at Evanston Monday, and reviewed the chief addresses, "Current Education Measured by Its Outcome," by Dr. George H. Betts, and "Reforming the Illinois Tax System" by Prof. Simon E. Leland. Over 4,000 attended the Conference.

Following is the list of books prepared by Miss Roberts:

The Pleasure of Reading

DRAMA—

"Taming of the Shrew—Shakespeare"

"She Stoops to Conquer—Goldsmith"

"The Old Lady Shows Her Medals—Barrie"

"Arms and the Man—Shaw"

"Abraham Lincoln—Drinkwater"

BIOGRAPHY—
